Pharmacy services near you

**Find the most convenient place for you to
get the medicine you need**

The pharmacies listed in this directory participate in the Rx Choice Tiered network. If you have questions about this network, call the Pharmacy Member Services number on the back of your ID card.

Welcome

IngenioRx provides access to thousands of pharmacies across the country to choose from when you need medication – local, independent pharmacies as well as national chains. This directory shows you where you can find medication, whether you are at work, at home – or even on vacation. Using these pharmacies in your plan can help you receive the most from your benefits. Just show your member ID card when you pick up your prescriptions.

Certain pharmacies offer flu shots as part of your benefits. Call the pharmacy to make sure it's in your plan before receiving your flu shot.

How we choose pharmacies for our plans

Our pharmacy networks give members choices and flexibility when they fill a prescription.

To help make sure members have easier access to pharmacies in their plan, our networks include local and national pharmacies, such as:

- National chains
- Grocery stores
- Independent pharmacies

The Rx Choice Tiered Network is a pharmacy network that offers high-quality health care services to members, while keeping copay amounts down. Members can save money on out-of-pocket costs by filling prescriptions at a level 1 pharmacy. Members may fill prescriptions at a level 2 pharmacy, but will pay more out of pocket.

Level 1 pharmacies were chosen to offer a variety of network options, competitive pricing, and convenience.

This directory is correct as of the date shown. You can also find a list of pharmacies in your plan at **ingenio-rx.com**. For the latest updates, call the Pharmacy Member Services number on your member ID card.
